Dedication

★ ★ ★

To Mrs. Ethel M. Broske, who taught our class history in the fifth and sixth grades; who moved with us into junior high school, assuming the English teaching position there; and who, in our sophomore year, began teaching mathematics in Mount Joy High School—for her outstanding teaching ability, her directing of our junior play, her advising of school affairs and her personal interest in members of our class—we, the Class of 1947, fondly and thankfully dedicate this third edition of The Voyager.

Foreword

★ ★ ★

The early Pennsylvania German took a crude wooden chest and some paints and brushes. With a masterful skill he covered the chests with beautiful designs symbolic of his life and beliefs, turning these crude chests into treasures of beauty, grace, and loveliness, treasures which were to be loved and appreciated in all time.

We who are about to enter the world find ourselves not unlike this Pennsylvania German. Here in Mount Joy High School we have been handed our tools, not a palette of paints, but instead knowledge, understanding and appreciation of others, social graces, honesty and integrity, so that we may with our tools decorate our lives and our world, making them great treasures filled with joy and peace and understanding with all men.

Each of us has been offered the same tools. Some of us will wield them with greater skill than others, creating greater masterpieces. But each of us must take his tools and create the most beautiful and desirous lives that will be admired for all time by all men.

To the Graduates:

It is our privilege to address another graduating class. You are on the last lap in the course of your public school education, and practically the same advice applies to you as has applied to the former classes, with some slight exceptions. On paper, we are at peace with the world; but an everlasting peace is not yet assured, and you will face many difficulties. However, you can still be assured of the fact that all of us live in the land of opportunity, and you have the same chances as were afforded those who have gone before you. Your future life will be exactly what you make it.

We hope that whatever you do in the future you will not forget the Mount Joy schools, which gave you your start in life; and, in turn, we, the school directors, extend our very best wishes for a happy and prosperous future.

To the Class of 1947:

You who are graduating from high school this year are going into the world at one of its most challenging periods. To you comes a great opportunity to help in the building of a new structure for peace and cooperation among nations; the formation of better relationships between different groups in our own country; the developing and harnessing of new scientific discoveries. What the United States of America of tomorrow is and does will depend on you and other American boys and girls like you.

For years you have looked forward to being a senior in high school and to graduation. Both of these aims are now being realized, and soon you will be using the lessons of school in very many ways. How well you have learned the lessons of industry, integrity, courage, honesty, courtesy, and cooperation and how well you can use them, time alone will tell. We trust that you will use the knowledge which you have acquired as your servant, not as your master; as a means in the making of a life, rather than the making of a living.

Your alma mater, its faculty, and its patrons feel justly proud of you and will watch with great interest your progress in your chosen fields of endeavor. Our best wishes go with you as you join the alumni of Mount Joy High School.

MOUNT JOY HIGH SCHOOL OFFERS VARIOUS OPPORTUNITIES AND PLEASURES

Students of Mount Joy High School are never heard boasting that their school is unique or peculiar in any way. But each and every student is proud and boastful that

HALL LOCKERS,
besides holding books and clothing, serve as galleries for bobby-sox heroes.

Mount Joy High School is typically American and that its students and faculty are typically American.

The curriculum is composed of an academic course and a commercial course. The extra-curriculum offers to the student a diverse program of athletic, scientific and literary activities.

Every student of Mount Joy High School is required to complete four years of English, four years of social studies, four years of physical education and health, one year of mathematics, one year of science, one year of music appreciation and one year of art appreciation.

SPACIOUS STUDY HALL
permits room for quiet, concentrative, supervised study.

Departments

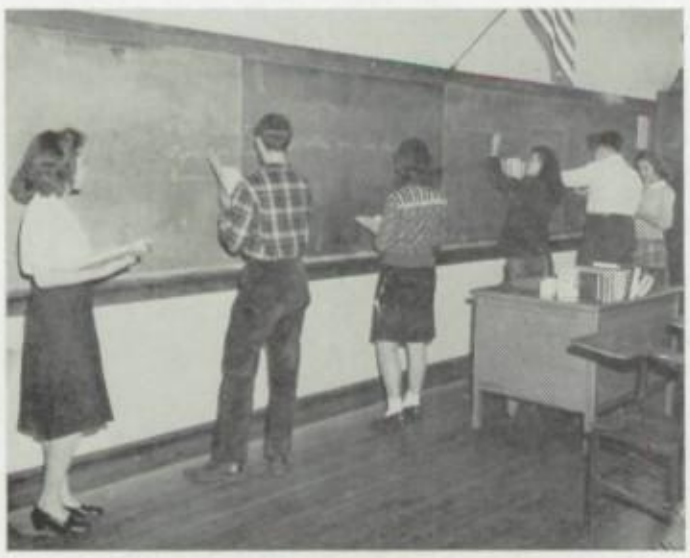
The social studies department offers to freshmen a course in civics, to sophomores a course in American history, to juniors a course in world history and to seniors a course in problems of democracy. These courses are supplemented by studies of current events. The teaching in the social studies department is handled by Miss Edna Martin, who teaches American history, world history and problems of democracy, and by Mrs. Margaret Williams, who teaches freshman civics and problems of democrary.

The English department does its year's work in two parts. The one part of the year is spent in studying English grammar, the other in studying literature. Freshman and sophomore classes read general literature, while juniors learn American literature and seniors, English literature. Activities such as book reports, speeches, themes, magazine contracts and short story contracts round out the year's work. The English department is headed by Miss Catharine G. Zeller, who teaches sophomore, junior and senior English classes. The freshmen receive their training from Mrs. Margaret Williams.

A WELL-STOCKED LIBRARY
offers diverse reading and research material.

This year, for the first time in many years, Mount Joy High School offered to its students the choice of three languages: French, Spanish and Latin. Spanish was begun in Mount Joy High School for the first time this year under the direction of Miss Helen Alexander. Miss Alexander is also the Latin teacher. The French classes, taught by Mrs. Margaret Williams, are kept busy with the trials and tribulations of L'Abbe Constantin and the fiery heroines of Guy de Maupassant. Particular stress is put on conversation in the two modern language courses.

The mathematics department offers students the chance to study algebra, plane and solid geometry and trigonometry. First-year algebra, the only required mathematics course, is taught to freshmen. Second-year algebra is taught to sophomores, plane geometry to juniors. The senior mathematics class splits the year's work. The members spend the first half studying solid geometry and the latter half studying trigonometry. All the mathematics courses in Mount Joy High School are taught by Mrs. Ethel Broske.



SECOND-YEAR LATIN STUDENTS
ponder the supine and Ciceronian style.

H. K. Schoener heads the science department as teacher of biology, chemistry, physics and aeronautics. Biology is taught to sophomores. They include in their year's work a series of biological projects, field trips and theory study. Chemistry is given to juniors. They spend two periods a week conducting scientific experiments in the school laboratory. Senior science students study physics. Since the class was small this year, a great deal of experimentation supplemented the usual study. Finally, senior boys are given the opportunity to study the principles of aeronautics. In this class they learn all about the mechanisms and methods of aviation.

Mount Joy High School succors future stenographers and clerical workers in its commercial department. Here students are given the opportunity to study general business training, bookkeeping, two years of typing and two years of shorthand. Members of the higher commercial class try ardently to obtain high degrees of accuracy, speed and skill. The teaching in this department lies in the hands of Mrs. Evelyn Shultz, who teaches general business training and junior and senior typing, and Miss Betty Jane

SOPHOMORE ENGLISH STUDENTS
receive timed reading exercises to test powers of concentration and comprehension.

FRESHMAN CIVICS
teaches students duties and problems of American citizenship.

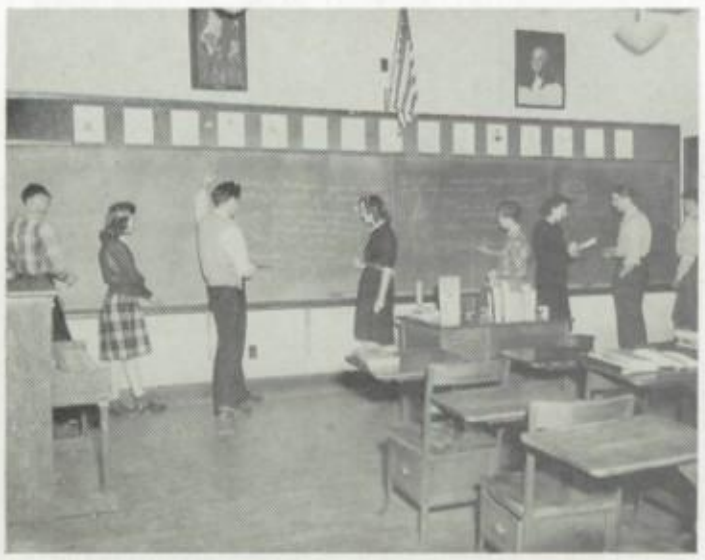
Grove, who teaches bookkeeping, junior typing and shorthand classes.

Male students of MJHS are given an opportunity to become acquainted with the manual arts. In Mount Joy's modern shop department, boys learn woodwork, metal work, electricity and mechanical drawing. The shop instructor is Charles Rovenolt.

WOULD-BE TYPISTS
practice diligently for speed and precision.

Students of the higher classes are allowed to fill their schedules with as many shop periods as they can carry. Mr. Rovenolt also teaches a course in radio to senior boys.

Female members of Mount Joy High School are taught the fundamentals of housekeeping in the modern home economics department. Girls learn sewing, cooking, housecleaning and child care. The girls are under the instruction of Mrs. Almeda Griffith, who teaches all home economics classes.



SOLID GEOMETRY STUDENTS
demonstrate theorems on math room blackboards.

Freshman students study music appreciation under the direction of Willard Newton, Mount Joy High School's music supervisor. In this class they study the principles of music, the works of great composers and the lives of the composers themselves. Freshmen are also required to study art appreciation. In this course, taught by Mrs. Kathryn Manifold, students attempt to develop their artistic natures.

Clubs

Most authorities agree that talents of students can be developed by the inauguration of a club system. Mount Joy High School developed a new plan of clubs for this year. The seventh period of each day was spent in club activity. One period of each week was spent in an assembly program, which all students were required to attend. There was a large range of clubs offered for selection.

Each student was given the privilege of choosing from one to three clubs. The teaching of these clubs was handled by members of the faculty. In the beginning of the year, each faculty member was asked to decide what club he would like to teach, Since this system has been very successful in Mount Joy High School, it will probably be continued for many years.

RADIO COURSE
teaches male members of the senior class the principles of modern electronics.

Extracurricular Activities

An important phase of a student's life at Mount Joy High School is the large diversity of extracurricular activities offered to him.

These extracurricular activities might well be divided into three groups: athletic, literary and artistic. Athletics play an important part in the school life. The most popular competitive sport is basketball. Basketball is also the most profitable sport at Mount Joy High School. The money received through its interscholastic games is, for the most part, the treasury of the athletic department. Soccer returned this year to Mount Joy under the direction of John D. Day, athletic coach. Other interscholastic sports in which Mount Joy High School takes part are tennis, baseball, rifle and girls' hockey. Many students enjoy intramural sports also.

Some of the literary projects of MJHS are the annual yearbook, theVoyager, and the school paper, the Hi-Crier. The Voyager was begun three years ago by the Class of 1945. It is published by members of the graduating class. The Hi-Crier, a newspaper which has rated first place honors in both national and state contests, is supported by a large staff of members from all four grades of the high school. Miss Catharine G. Zeller, English teacher, advises the publication of both these literary works.

PHYSICS STUDENTS
experiment and study laws of calorimity in the science laboratory.

The artistic extracurricular activities are composed chiefly of the two big attractions of the year, the junior and senior plays. These plays are looked forward to with interest and enthusiasm by everyone. The first play of the year is given by members of the senior class, while the second is presented by members of the junior class. Stiff competition for parts in these plays usually results in the finest talent participating. Mrs. Ethel Broske, mathematics teacher, directs the junior production, while Miss Catharine G. Zeller, English teacher, coaches senior thespians.

FUTURE HOUSEWIVES
sample the results of culinary experiments conducted in Mount Joy High School's home economics department.

Students of Mount Joy are proud to attend such a school as this. Mount Joy High School, in the course of time, has graduated a few very prominent and famous people. It offers to the student many chances and opportunities to develop his talents to the highest degree. It can be readily believed that here, truly, "Inspiration Spreads Its Wings in Flight to Knowledge with Ever Increasing Power."

MANUAL ARTS TRAINING
succors future carpenters, mechanics and electricians.

SENIORS SHOW SEDULITY

Senior Adviser
MISS CATHARINE G. ZELLER

The seniors started off with a bang! The first week in September, Welcome Home Day found the seniors busy with a stand at the upper bank and one at the park. At the Community Exhibit in October they conducted another refreshment stand.

In November they presented their second comedy hit. The play, entitled "Out of the Frying Pan," included twelve members in the cast.

To add more money to the treasury, the class had stands at the Elizabethtown and Hempfield basketball games.

In February they crowned the King and Queen of Hearts at an elaborate Valentine Dance. Andy Kerner's Orchestra provided the music.

Finally in May the seniors journeyed to Washington for the annual trip. They wound up a busy year with Baccalaureate, Class Day and Commencement.

CLASS HISTORY

Freshman

Eagerly, and yet with many anxieties, our class invaded Mount Joy High School in the fall of 1943. As greenies we elected Charles Hallgren, president; Bill Conrad, vice president; Charles Eshleman, treasurer; and Patty Kepple, secretary.

Our first money as a class was earned in the magazine campaign and in our two food sales, which were nothing short of financial sensations. Parties were numerous in our first year; a doggie roast, a Christmas party and a Halloween party kept us busy. At the May Hop Betty Jane Melhorn and Charles Eshleman represented us in the Queen's Court.

Sophomore

Thrilled at the prospect of being upperclassmen, we returned to school, selecting as officers: president, Marlin Frey; vice president, Charles Eshleman; treasurer, Betty Leonard; and secretary, Betty Jane Melhorn. We held our first dance this year - the Soph Hop.

We again had a food sale and a magazine campaign and also sold hot dogs at basketball games. We felt very close to graduation when we ordered our school rings. Dorothy Young and Bill Conrad attended the May Queen for us at the May Hop.

Junior

This was the big year, when we chose our class colors, green and white, then ordered pennants and hats. We elected Clarence Weldon as president, Marlin Frey as vice president, Jo Anne Garber as treasurer and Betty Jane Melhorn as secretary. Our Sadie Hawkins Day Dance was a success with Salomy the pig as featured guest.

We sold refreshments at basketball games again and sold school stationery and paper pennants to the pupils. Two of our students, Carole Somer and Clarence Weldon, were initiated into the newly formed National Honor Society.

Our first attempt on the stage was "Spring Green," a comedy, in which Clarence Weldon played the lead, assisted by a supporting cast of fourteen. This play was the first at Mount Joy to be given two nights. We entertained the seniors at a semi-formal prom, the most elaborate ever given in Mount Joy High. Betty Jane Melhorn and Bill Conrad were our attendants in the May Queen's Court. At the Class Day Exercise Bruce Myers won the Dr. A. F. Snyder Memorial Prize in American History.

Senior

At last - the year we had waited for so long had arrived. In a class election Clarence Weldon was chosen president; Bill Conrad, vice president; Jo Anne Garber, treasurer; and Betty Jane Melhorn, secretary.

We really sold food in this senior year. We had a stand the day of the Welcome Home Celebration, we had our stand at the Community Exhibit, and we sold refreshments at basketball games. "Out of the Frying Pan," an exciting comedy, climaxed our stage careers with a cast of twelve. Four more students were initiated into the National Honor Society: Phyllis Becker, Jo Anne Garber, Patricia Kepple and Bruce Myers.

Our Valentine Dance on February 14, the Junior - Senior Prom, Class Day, Baccalaureate and Graduation Day ended our high school careers.

These and many other memories are the ones that we will remember when we are old and gray - our class activities, the humorous side and the serious side of our happy-go-lucky school days. May they remain with us, guardians of the long journey we are embarking upon.

We, the Class of Nineteen Hundred Forty-seven, do ordain and establish this document as our last will and testament, thereby revoking any other obligation which we heretofore made public in our younger, hapless years.

JUNIORS DEMONSTRATE COOPERATIVE SPIRIT

Junior Advisers

Mrs. Ethel Broske, Mrs. Almeda Griffith.

Let it not be said that the Junior Class was not on its toes! Of course, the most important activity was the play, "June Mad," a comedy, produced in April under the direction of Mrs. Ethel Broske, mathematics teacher.

A dance in the high school auditorium commemorated Sadie Hawkins Day, November 15. The class secured Andy Kerner and his orchestra for the occasion. Decorations were of the usual order, with portraits of Daisy Mae and Li'l Abner holding places of honor.

During basketball season the juniors sold refreshments at some of the home games. Then the "Orange Blossom Special" transported them to the Hershey Arena for an evening of ice skating and fun.

In March the class sponsored a St. Patrick's Day Dance. As a climax for a busy year, the juniors entertained the seniors at the annual Junior-Senior Prom in May.

SOPHOMORES PROVE SKATERS AND SALESMEN

Sophomore Advisers

Miss Helen Alexander, Mrs. Margaret Williams

The big time of the year for the "sophs" was the annual May Hop. It was their greatest money-making scheme of the year.

Everybody had a good time getting re-acquainted at the first affair of the year, the hayride. Another happy time was the ice-skating party. Everybody concerned had a swell time.

One of the ways in which the class made some money was selling refreshments at basketball games. They had stands at several of the games. The sophomores also sold magazines and doughnuts.

With these activities the sophs ended their infamous days as underclassmen and are now ready to enter the lordly ranks of upperclassmen.

FROSH FUMBLE FERVENTLY

Freshman Advisers

H. K. Schoener, Mrs. Evelyn Shultz.

Running into all kinds of difficulties because they were freshmen, incurring the wrath of both upperclassmen and faculty because of their unwise deportment, the greenies managed to elect the following officers: president, Abe Koser; vice president, Henry Rosenfeld; secretary, Nancy Angstadt; and treasurer, Verna Myers.

Showing that they could work, the freshmen outmaneuvered the rest of the high school in the doughnut sales—thus netting for their class treasury more than one hundred dollars and for their collective stomachs several prize cakes.

In November the class held an ice-skating party at the Hershey Arena. They also held a Christmas party in December. To raise additional money for their class the freshmen sold refreshments at basketball games.

In February the greenies entertained the upper classes with an assembly program.

When Mount Joy High School opened its doors on September 2, 1947, the coming VOYAGER was still a figment of anyone's imagination. But Editor Clarence Weldon (he is the jitterbugging class president who played leads in the class plays) called his confused staff together. Work was to be done.

Bruce Myers, art editor, sat down at his draftsman's board and began his Pennsylvania Dutch designs; class members sold subscriptions and ads. Work had begun.

Pictures taken today . . . Senior panels . . . More sport pictures, Robert . . . Where are your articles? . . . Hurry! February first deadline . . . See Miss Zeller . . . Typing . . . STUDENT LEGISLATURE EVINCES POWER

★ ★ ★

For the first time in three years Mount Joy High School elected a Student Council.

Each of the class presidents automatically became a member of the council and each class had two other representatives, a boy and a girl. Class presidents were: Clarence Weldon, senior; John Ressler, junior; Jack Tyndall, sophomore; and Abe Koser, freshman. Other representatives were as follows: Bruce Myers and Dorothy Young, seniors; Daniel Heisey and Betty Gutshall, juniors; Glenn Bailey and Romaine Shenk, sophomores; and William Bates and Verna Myers, freshmen.

Bruce Myers presided as president of the council. Clarence Weldon was vice president; Betty Gutshall, secretary; and Glenn Bailey, treasurer. The sponsors were Miss Betty Grove and W. I. Beahm.

The council was enrolled in the National Association of Student Councils. A committee was picked to formulate a constitution. When the constitution and by-laws were completed, they were presented to the faculty and student body for ratification.

Meetings were held every two weeks in alternating activity periods.

The council did many useful and worthwhile things throughout the school year. Its first project was a record dance held in the high school auditorium. The attendance was from both buildings. On Friday, December 13, a film dance was sponsored by the Student Council. Profits went toward the purchase of a screen for the movie room.

During the month of December there was a locker campaign. Lockers were inspected by the members. Clothing for Europe and poor southern areas was collected for Bundle Day.

To promote more and better school spirit the council posted clever posters containing wise sayings throughout the year. They also helped in a project of keeping the halls cleared before 8:15 a. m. and 12:15 p. m.

NATIONAL SOCIETY HONORS SCHOLARS

★ ★ ★

The National Honor Society of Mount Joy High School held its first induction in the spring of 1946. It is one of 2700 chapters in various schools throughout the United States.

The founders of this movement originally established the National Honor Society to stimulate the scholarship, leadership, service and character of the students in the secondary schools of this country. Also its remote objective has become that of raising the secondary schools of the United States to a higher plane.

The members, chosen by the faculty, are students who are outstanding in scholarship, service, leadership and character. Mount Joy High School's chapter has had eighteen members. The six senior members are: Phyllis Becker, JoAnne Garber, Patricia Kepple, Bruce Myers, Carol Somer and Clarence Weldon.

The members were initiated into the society by members of the East Donegal Chapter of this Honor Society. These members symbolize the start of Mount Joy High School in a worthwhile project.

Appealing to the sense of gratitude for educational benefits received, to the desire for growth toward higher ideals, to the devotion toward duty for the honor bestowed and to the hope of developing well-balanced personalities, the National Honor Society endeavors to capitalize these emotions so that, as citizens and as prominent persons in later years, the elected members will exercise an influence that will uplift the secondary schools of our land.

I LOVE A PARADE

★ ★ ★

The Mount Joy High School Band started this last school term with a new director, Willard Newton. Mr. Newton was originally from Wilkes-Barre, Pa., and formerly taught in the East Donegal Township Schools.

Mr. Newton has made considerable progress with the MJHS band during this past year. He has encouraged many of the younger students to study musical instruments, thus expanding the ranks of the band. He has also had all the band instruments belonging to the school repaired and polished and put into good working order.

The MJHS band during this past term has played a number of engagements. The band participated in the Mount Joy Welcome Home Celebration, the Ephrata Farm Show, the New Holland Farm Show and the Mount Joy Community Exhibit. During the fall the band members were the guests of the Mount Joy Lions Club at a concert presented by the Allentown Band in the MJHS auditorium.

A concert, featuring several of the outstanding soloists, was presented by the band this spring in the auditorium.

It is customary for the band to play at the Memorial Day Services on May 30. This last engagement usually winds up the year's activities for the Mount Joy High School Band.

MUSIC HATH CHARMS

★ ★ ★

The Glee Club was a voluntary organization of 109 members—25 seniors, 25 juniors, 17 sophomores and 42 freshmen. The group sang at Commencement Exercises and held a spring concert. Willard Newton, music supervisor, was the director, and Mrs. Ethel Broske, mathematics teacher, the accompanist.

Music the vocalists used ranged from the sacred and secular numbers of Christmas and Thanksgiving to popular melodies of Friml and Romberg.

The Junior High Chorus, selected from grades seven and eight, consisted of 74 pupils. Mr. Newton directed while Miss Catherine Cuskey, history teacher, accompanied at the piano.

The chorus sang publicly during the Christmas operetta and participated in a high school assembly.

In 1934 Earl Weidner, then music supervisor, was the first to organize a chorus for junior high pupils. The first chorus, wearing Russian Cossack costumes, participated in an operetta in the old high school auditorium.

LADIES OF THE BOOK SHELVES

★ ★ ★

When one entered the library, he would find at one table a senior working on a magazine contract. In another corner several freshmen might be arranging the pieces of a huge map of Pennsylvania. A junior would be selecting a book of American short stories and a sophomore might be reading the daily newspaper.

Another diligent pupil would be perusing the encylcopedias or the unabridged dictionary. The assistant librarian would be using the card catalog. All would be taking advantage of the facilities offered by a much-frequented department—the library.

Work in the library is entirely voluntary duty by girls who offer to serve during their study halls. This year twenty girls worked in the library. Two girls were assigned to each period. For the first time, this year the girls were given one-eighth of a credit for their work.

The girls took charge of the pupils coming into the library. One checked the books out and in, while the other made a record of the library slips. They also kept order and helped pupils locate the books they wanted.

Miss Edna Martin is librarian.

FIREMEN GUARD LIVES OF STUDENTS

★ ★ ★

Why are all those boys rushing through the halls? Oh, yes! There go two girls, also. It must be a fire drill. Everybody is rushing to lead the pupils outside to safety.

Fire drills were held every month in order to teach the pupils how to get out of the building in the quickest and most orderly way. There were approximately forty members of the junior and senior classes in this organization. The fire chief was Robert Beamenderfer; William Stohler was the assistant.

The minute the alarm rang the patrolmen went to their assigned rooms. They made sure that all windows were closed and then led the pupils in that room out of the building. The whole building could be cleared in one minute and thirty seconds.

This year firemen also aided in relieving traffic congestion in the halls by serving as monitors at points of greatest confusion.

"Spring Green," a comedy in three acts, was presented May 2 and 3, 1946, by the Class of '47. This production, directed by Mrs. Ethel Broske, mathematics teacher, was the first play ever to be given more than one night. Almost a thousand tickets were sold.

Clarence Weldon, as "T. Newton Todd," played the lead in this worm-infested spectacle. He and his father, "Major Todd," Charles Eshleman, rented an apartment at "Nina Cassel," Betty Jane Melhorn's, house. When these two found they were old friends, the play had a romantic interest.

Nina's two children, "Tony Cassel," a typical teen-ager, Patty Kepple, and "Scootie Cassel," a little brat, Betty Leonard, provided plenty of amusement. Tony and her flighty friend, "Pinkie Ames," portrayed by Patty Tyndall, had many scraps over their two boyfriends, "Dunk Doyle," the high school wolf, Bill Conrad, and "Bing Hotchkiss," R. O. T. C. captain, George Weber.

Bing's twin sister, "Eula Hotchkiss," Maryellen Walter, took pity on Newton, who was shunned and ridiculed by everyone. Newton, who had been experimenting with earthworms, nearly set everyone crazy until "Dr. Luther Blodgett," Bruce Myers, a worm specialist, convinced Major Todd that his son was working on a worthwhile project.

More merriment was provided by "Mrs. Rumble," impersonated by Shirley Shirk, the Cassels' cook, and Nina's father, crippled "Mr. Putman," Robert Beamenderfer, who always said the wrong things at the wrong time.

"Officer Ryan," Johnny Stauffer, broke up a black market gang and JoAnne Garber, as "Genevieve Jones," annoyed the rest of the cast to no end trying to get herself a man. There was at last relief when she finally dragged in little "Billy," Robert Landvater.

"Out of the Frying Pan," a three-act comedy by Francis Swann, was presented on November 21 and 22, 1946. Under the direction of Miss Catharine G. Zeller, English teacher, it was the second stage production of the Class of '47.

The story of the play concerned six stage-struck kids who were trying to break into the legitimate theatre. It was a whacky plan they had in mind, for the apartment they rented was above that of a Broadway producer, whom they tried to make take an interest in them.

Clarence Weldon portrayed "Norman Reese," the head of the gang, who tried to manage the affair. "Dottie Coburn," Betty Leonard, footed the bills and tried to make Norman see that she loved him.

"Marge Benson," Patricia Kepple, and "Tony Dennison," Bill Conrad, were the two members of the sextet secretly married. "George Bodell," Charles Eshleman, was always around to make a blunder or cause a misunderstanding. "Kate Ault," Carole Somer, was the cynic of the group.

Havoc broke loose when these six kids tried to sell their show to "Arthur Kenny," a Broadway producer, portrayed by Bruce Myers. The plot was further thickened when "Mr. Coburn," Robert Beamenderfer, arrived and found his daughter living in such conditions.

Hilarity was provided by "Mrs. Garnet," Shirley Shirk, who was their bewildered landlady. Further merriment was furnished by "Mac" and "Joe," Eugene Brown and John Stauffer, the two city policemen, who thought they had discovered the real thing when they found that "Muriel Foster," Patty Tyndall, had been drugged.

JoAnne Garber acted as assistant directress.

GRADE PATROL PROMOTES SAFETY

★ ★ ★

The Grade School Patrol's leaders for the 1946–47 term were Howard Ruhl, captain, and Gerald Berrier, lieutenant. Charles R. Heaps, assistant principal, was adviser of the patrol.

The patrolmen were inspected every week. At the time of examination they had to have their belts clean in order to pass the inspection.

The patrolmen had a rating chart and were marked on being punctual, having clean belts, wearing their belts and badges in the proper place and setting an example for the other pupils. They were rated once a week according to their ability to patrol.

At the end of the year awards were given by the A. A. A. Each member of the patrol was awarded a certificate of merit.

Activities were also planned and carried out by the patrolmen. They held a record dance once a week. They also attended the Franklin and Marshall–New York City College football game at Lancaster. At the end of the year a party was held for all the members of the patrol.

The School Safety Patrol was organized in Mount Joy in the early 1930's, under the auspices of the Lancaster Automobile Club. Guards are chosen, for the most part, from the junior high grades and are charged with the responsibility of protecting the children at dangerous intersections near the school where pupil traffic is heaviest.

Y-Teens Promote Character

Officers of the Y-Teen Club, which is a junior membership of the Y. W. C. A., were: Helen Thomas, president; Shirley Shirk, vice president; Anna Espenshade, secretary; and Betty Ament, treasurer. Drama Attracts Youngsters

The members of the Junior Dramatics Club were from the freshman and sophomore classes. The president was Charles Brooks; vice president, Warren Bates; secretary, Verna Myers; and treasurer, Abe Koser.

Through the presentation of plays in club period and in assembly programs, they gained experience. Their extra activities included a play entitled "Ghosts by Moonshine," which was presented to the Senior Dramatics Club.

Miss Helen Alexander was adviser.

Senior Thespians Use Talent

The Senior Dramatics Club consisted of pupils from the junior and senior classes. The officers included: Clarence Weldon, president; Patty Tyndall, secretary; and Carol Somer, treasurer.

In October the club journeyed to Millersville to see a production there. In February the club gave three one-act plays in the high school auditorium.

Mrs. Ethel Broske, mathematics teacher, was adviser.

Club Teaches Use of Leisure

The Recreation Club provided many kinds of pastimes for its members. Once a month they went bowling and every month they held a record dance.

They also played ping pong, volley ball, badminton and many other indoor games. In addition, they held an ice-skating party at Hershey. During the springtime they played outdoor tennis.

Mrs. Evelyn Shultz and Mrs. Margaret Williams were advisers.

FHA Renovates Room

This year the Future Homemakers Club elected as its officers: Verdella Longenecker, president; Dorothy Sheetz, vice president; Romaine Shenk, secretary; and Miriam Shelley, treasurer.

One of the projects was renovating the teachers' room. They painted it a pale green with a white ceiling. They also recovered the sofa, remodeled chairs and table and made draperies.

Journalists Learn Fundamentals

In the Journalism Club, which was under the direction of Miss Catharine G. Zeller, English teacher, workbooks were issued to each member in order to teach him the journalistic style of writing articles. In the course of study spelling tests and exercises on how to write were used. The members of the club were given one-eighth of a credit for their work.

Seated: Fredine Gehman, Ross Neiss, Marian Foerch, Barbara Bates, Mildred Lehman, Carole Somer, Helen Thomas, Shirley Shirk, Patricia Tyndall, Delores Feeser. *Standing:* Kenneth Drohan, Henry Rosenfeld, Lorraine Kuhn, Phyllis Hoffman, David Morris, JoAnne Garber, Clarence Weldon, Betty Gutshall, Helen Booth, Miss Catharine Zeller, Peggy Garber, Joyce Ellis, Mary Jane Krall, Nancy Angstadt, Marie Clement, Barbara Ranck, Bruce Myers.

Artists Work with Oils

The Art Club specialized this year in oil painting, which was entirely new to all members. They started with painting large objects which they had sketched. Then they went on to painting landscapes.

The artists also did some modernistic designs which they designed themselves and then shaded with wax crayons.

Mrs. Kathryn Manifold was the instructor.

MOUNT JOY TEAM CAPTURES SECOND PLACE

* * *

Scree-ee! There was the whistle, blown by E. Crider, the official, starting MJHS in its first game of the sporting season for '46–'47. This was the first soccer game for Mount Joy for four years. It was also the first time any of the MJHS boys saw action in such a sport. However, the Red and White fought through for a well-earned victory by a 4–0 score. The victim was Manor.

Mt. Joy's eleven chalked up two more victories before meeting defeat at the feet of New Holland, which later took the county championship. The Red and White eleven were runners-up to the champs.

Mount Joy handed in four victories, three defeats, and one tie. The Red and White gave Manor a shut-out in both games, 4–0 the first and 1–0 the second. Hempfield also suffered a shut-out the first game in which they met the MJHS eleven, the score being 2–0.

Manheim gave one win to the Day-men by a 3–2 score. The only tie was with Manheim, a game which was fought to a 2–2 ending. New Holland defeated Mount Joy both games and won both by a shut-out, 2–0 and 1–0. MJHS's third defeat was delivered by East Hempfield, a 2–1 lacing.

Fighting under the coaching of John Day, the Red and White scored a total of 13 points for the season while the total number scored by their opponents added up to 9 points. Bill Conrad, captain and center forward, was high scorer for MJHS with four goals to his credit. Second honors went to Jay Brubaker, left wing, and Karl Max, inside left, each of whom tallied three goals.

FIRST STRING BATTLES HARD

★ ★ ★

The Red and White five ended one of MJHS's most unsuccessful seasons February 12, 1947. The Day quintet hit a new low, winning only three games of seventeen played.

Rothsville provided two of the victories while Manheim contributed the third. After losing the first three games, the local basketeers came through with their first win by a score of 32 to 10 over Rothsville. The Warwick Townshippers, however, lost their second game by only one point.

Stevens Trade, East Hempfield and East Donegal, in both contests with the MJHS boys, outscored the Red and White dribblers by more than 200 points. Stevens Trade and East Donegal in their best games swamped the locals by 57 points and 41 points respectively. East Hempfield also outscored the MJHS lads by large margins in both games.

The last game of the season was played with Patton Trade on the Trade floor. The MJHS boys, determined to win their last fray, got off to a good start. At one time in the first half the Red and White quintet led by a score of 23 to 10. Then, as though struck by a paralyzing blow, the MJHS boys stopped and Mount Joy was leading only 25 to 23 at half time. Patton went on to win the game.

Center George Weber was high scorer with 210 points to his credit. Marlin Frey tallied 141 points for second honors. Captain Bill Conrad was third with a total of 98 points.

John Day, physical education teacher, was coach. Dick Martin and Henry Zerphey were managers.

First Row: Henry Zerphey, Elwood Rice, George Weber, Bill Conrad, Marlin Frey, Charles Hallgren, Richard Martin.
Second Row: Coach John Day, Jay Brubaker, Robert Conner, David Morris, Jack Tyndall, John Ressler, Lowell Sumpman, Eugene Brown.

JUNIOR VARSITY SHOWS SKILL

★ ★ ★

The junior varsity dribblers ended their '46–'47 season with an average of .529. The Red and White J. V.'s won nine games and lost eight to give them a slight margin over the half mark. Mount Joy's five scored a total of 430 points while their opponents scored 424 points.

Starting their season by downing Elizabethtown 26 to 21, the Joyites initiated a five-game winning streak, which was broken by Lititz. Put into reverse gear by this defeat, the Red and White lost six games straight. Then, seeking revenge for their record of the past six games, the junior varsity ran over Rothsville, defeating the Warwick Township five by a score of 23 to 9.

Taking high scoring honors for the season was co-captain Karl Max, who chalked up a total of 94 points. John Ressler came in a close second with 93 points to his credit. Glenn Shupp, the fleet-footed forward, rang up 61 points for third honors.

JUNIOR HIGH DRIBBLERS MUSCLE IN

★ ★ ★

Mount Joy's junior high showed good material. Starting their '46–'47 season by downing East Hempfield, the Red and White junior high kept right on winning until they met Columbia, which later became champion of the section. Columbia gave the junior high its only defeat in the first half of the season.

Starting the second half by defeating Marietta by more than 20 points, the team lost its second game to Elizabethtown. Having defeated Manheim for the second time, the local quintet again met Columbia. This time on the Mount Joy High School court a different story was told.

The first three quarters showed good ball-playing by both teams and it was either club's game. In the last quarter, however, the Red and White really turned on the heat, scored 14 points while holding Columbia scoreless, and sewed up the game. Mount Joy beat every team at least once and tied for second place in the final league standings.

KINGS OF CLUBS AND ACES OF DIAMONDS

★ ★ ★

Mount Joy's 1946 baseball team ended an even season with six victories and an equal number of defeats. MJHS's conquerors were Lititz twice, Elizabethtown twice, Manheim once and East Donegal once. Those teams falling under the hitting power of the Red and White nine were: East Donegal once; Manheim once; Marietta twice; and East Hempfield, the team which in the end won the league championship, twice. Although East Hempfield had the championship team, the MJHS lads seemed to be their Waterloo.

Mount Joy's best game of the season was the defeating of Marietta by a score of 11 to 0. On the other hand, the Red and White nine received one of its worst defeats in several years when the Lititz nine gave the Joyites a 9 to 0 washout on Mount Joy's home field.

Earl F. Kochenour, returning from the service, took over the position of coach of the baseball team.

TEAM SCORES NET PROFIT

Although the Red and White rackets were once the scourge of the courts, the tennis percentage was .500 during last year's season. MJHS netsters won one match from Manheim Township and McCaskey High School and lost a match to each of them.

Because of lack of interscholastic competition, intramural tennis tournaments were arranged, one for the boys and another for the girls. The champion of the boys, Charles Piersol, played the girls' champion, Isabel Zink, and defeated Zink to annex the title as tennis champ of MJHS.

In 1931 W. I. Beahm, then mathematics teacher (himself a fast tennis player and a man who plays a wicked game of ping pong), organized the first tennis team at Mount Joy High. For nine straight years Mount Joy won the county championship. During this time some of the outstanding players were: Edward Brown, Eugene Crider, Betty Derr, Harold Fellenbaum, Clarence Newcomer, Franklin Zink and Robert Zink.

In 1938 Betty Derr, competing for the national title, reached the quarter finals. In 1939 Frank Zink was the first student from Mount Joy High to be ranked in the Middle States Lawn Tennis Association.

JOHNNIE, GET YOUR GUN

* * *

Mount Joy High School arranged its rifle club somewhat differently this year. Instead of having the rifle club and the rifle team one and the same, there was a club organized consisting of thirty-six members. Every week the ten members with the highest averages were selected as the rifle team.

The team then competed with other schools which were in the league for this year's rifle matches. These teams were: Ephrata, Manheim Township, Reading and West Lampeter. Eight matches were held.

Mount Joy's rifle club was divided into three groups with twelve members in each group. It was arranged so that the club would meet the last period on Monday, Wednesday and Thursday. Thus each of the three groups met once a week on the days previously named.

Having organized a club with so many members, the group also elected officers. Roy Wagner was elected president while Dick Sheetz was chosen as the club's vice president. Robert Beamenderfer was the treasurer and Bill Conrad, secretary.

H. K. Schoener, science teacher, was coach.

WITH STICKS AND PUCK

★ ★ ★

The comparatively new Red and White hockey eleven started its league playing on October 8. This was only the second year for post-war hockey at MJHS and the first year for league playing.

The squad elected Jean Strickler captain of the team. Jean was also high scorer, with four tallies to her credit. The runner-up was that petite blonde from the sophomore class, Phyllis Hoffman, with three tallies. The center halfback, who came in as the third highest point-maker, was Phyllis Snyder, with two tallies.

Miss Virginia Gorgodian, physical education teacher, was the coach of the eleven. Miss Gorgodian started hockey here last year and trained the girls in all the tricks of stick work.

Barbara Bates and Helen Thomas were the managers for the squad. These two girls had charge of getting the girls on the bus, preparing the equipment and taking care of any injuries.

It has been decided that M.J.H.S. ought to form its own league because the eleven won all practice games and lost all league games.

Furthermore, Isabel Zink did not think it mattered for which goal she shot. Izzy, the left fullback, made a goal for Lancaster Country Day School, but, luckily, it did not count.

GIVE A CHEER; GIVE A YELL

"Let's Have a Cheer for Red Team!"—yelled the seven peppy cheerleaders who were always on hand at every game, hastening their team on to victory. The spectators with their enthusiasm and pep joined the squad in their snappy cheers.

JoAnne Garber, Patricia Tyndall and Robert Landvater retained their positions on the varsity squad. The other four girls were moved from the junior varsity to the varsity squad.

With the aid of Miss Virginia Gorgodian, adviser of the cheerleading squad, many new cheers were taught and new skirts were acquired. Cartwheels were introduced by the varsity squad for the first time. Frequent pep meetings were held, at which the seven pep leaders really did an excellent job of raising MJHS school spirit!

JUNIOR VARSITY CHEERLEADERS

At the beginning of the season tryouts were held for new J. V. cheerleaders. In addition to Delores Feeser, who was on the squad last year, these other four girls were chosen by the varsity squad and their adviser, Miss Virginia Gorgodian: Nancy Angstadt, Marian Foerch, Shirley Reheard, Jean Wagner.

With their pep and winning spirit, the girls really did boost their team's spirit and make those scores soar at junior varsity and junior high games.

Left to right: Shirley Reheard, Jean Wagner, Delores Feeser, Marian Foerch, Nancy Angstadt.
